Dear Mr. Sundberg,

The training program should be a comprehensive course tailored for your proposed operations that includes theory and practical components, a pilot theory exam, and supervised operational familiarization training on agricultural spraying. Additionally, the training program requirements should include examination, flight test, and continued periodic training.

### What You Need To Do:

If you want the FAA to process your request any further, you must send the information described above by June 03, 2022 before 11:59PM ET. We will consider your petition request open during this period.
